

Product Picture	Product Name	Product Code	Description
	Press-type Inertial Fruit Toy Car	Nikki0027	With adorable fruit-themed designs (tomato, pineapple, pear, coconut), this press-and-glide toy car makes learning fun. It builds fine motor skills and cause-effect understanding, while introducing kids to fruits and colors—perfect for little hands and early developmental play.
	Face-Changing Inertial Engineering Car	Nikki0028	This face-changing inertial engineering vehicle features cute designs (roller, excavator, etc.). It combines inertial gliding, whistle sounds, and expression changes to stimulate kids' senses. It refines fine motor skills, teaches vehicle recognition, and helps kids understand emotions—making it a fun, educational toy for early development.
	Press-type Toy Engineering Vehicle	Nikki0029	Includes excavator, roller, forklift, and pile driver models. Pressing the top triggers smooth inertial gliding, teaching cause-effect logic while refining fine motor skills. It helps kids recognize engineering vehicles and learn about construction scenes, with a safe, battery-free design ideal for early learning and outdoor play.
	Press-type Inertia Animal Toy Car	Nikki0030	Cute animal designs (giraffe, bull, cow, goat). Easy to press and glide smoothly, bringing fun and joy to kids' playtime.
	Inertia Gear Whistle Toy Car	Nikki0031	This 2-in-1 creative toy features an inertia-driven design for smooth gliding and a built-in whistle for interactive fun. Its transparent body reveals colorful spinning gears, letting children explore basic mechanical concepts through play. With adorable animal designs and bright colors, it is safe, durable, and battery-free.
	Bone Pull-string Puppy Toy Car	Nikki0032	Pull-string puppy toy car with a cute bone design—pull the bone to glide smoothly. Adorable puppy shape and bright colors help kids recognize animals and colors, perfect for fun early learning.
	Pull-string Elephant Toy Car	Nikki0033	This pull-string elephant toy car features a cute banana puller—pull the banana to make it glide smoothly. It serves as an excellent low-cost option for party favors, gift bags, or promotional giveaways.
