

Product Picture	Product Name	Product Code	Description
	Cylindrical Math Magic Cube	Nikki0009	An interactive math toy featuring a cylindrical design with numbers 0-9 and +, -, ×, ÷ symbols. Kids rotate the blocks to match correct arithmetic equations, building number sense, mental calculation, and logical thinking. It turns math practice into engaging play for early learners.
	Children's Magic Water Painting Book	Nikki0010	A mess-free creative toy where kids reveal colorful patterns with clean water, which fades automatically for repeated use. It fosters early art exploration, fine motor skills, and focus, while teaching daily vocabulary through themed scenes (animals, food, fairy tales, etc.). Sturdy coil-bound pages and reusable water pens make it portable for on-the-go learning.
	3D Plum Blossom Building Blocks	Nikki0011	Educational construction toy featuring interlocking plum-blossom blocks. Designed to foster spatial awareness, creativity, and problem-solving skills. Children build 3D structures (animals, letters, etc.) while developing fine motor skills and color recognition. Made of safe, smooth plastic for early learning.
	Wooden Shape Matching Blocks	Nikki0012	Educational interlocking wooden blocks with unique shape-matching notches. Only complementary shapes can connect, fostering shape recognition, logical thinking, and problem-solving skills. Develops fine motor skills and color awareness through hands-on play. Smooth natural wood, non-toxic paint, ideal for early learning.
	Kids Matching Puzzle Card Toy	Nikki0013	Educational matching puzzle cards (32pcs/box) focusing on real-life connections (animals, food, vehicles). Designed to build logical thinking, visual discrimination, and concentration in young kids. Thick, durable cardstock with smooth rounded edges ensures safe, portable learning anywhere.
	Magnetic Letter & Number Sticker Set	Nikki0014	Complete set of magnetic letters (upper/lowercase), numbers 0-9, and math symbols. Kids attach to metal surfaces to spell, count, and practice arithmetic, building letter recognition, number sense, and logic. Soft, smooth foam for safe early learning.
	Rope Untie Challenge Toy	Nikki0015	A logic-focused puzzle toy where kids untangle interwoven colored ropes by planning the optimal order of disassembly. It fosters strategic thinking, problem-solving skills, and sustained concentration, while enhancing visual-spatial awareness. Made of flexible ropes and smooth-edged pieces, it's safe for solo play or multiplayer challenges, ideal for early cognitive development.
